Government Tendering Masterclass for Procurement Officials

Cape Town: 3-4 October 2019 | Durban: 10-11 October 2019

East-London: 17-18 October 2019 | Johannesburg: 24-25 October 2019

Invitation: To all Supply Chain Management Officials.

Join your colleagues from around the country and share practical solutions in line with the enabling legislation on how to best implement the “**Key Supply Chain Management Practices**” as well as the “**Preferential Procurement Policy Framework Act Regulations (PPPFA)**”, respectively!

The Masterclass will cover all the essential instructions in a very practical and simple manner to ensure that delegates have a more holistic understanding of the regulatory framework and demands in how to apply these challenges in Supply Chain Management (SCM).

It's a must attend Masterclass for all procurement officials tasked with managing the SCM process in a legally compliant manner. Recent court cases ruled, that officials could be held personally liable for costs, where they've awarded a tender, in an irregular manner.

The Workshop will be different to most others, since large parts of it will be affording delegates to give personal input, as to the real challenges faced when endeavouring to apply and implement the required instructions.

The Workshop will also show officials how to manage these challenges, and at the same time increase the levels of compliance throughout the SCM eco-system.
